## 38<sup>th</sup> AOPA Flight Safety Camp Eggenfelden

Join AOPA-Germany's 38th Flight Safety Camp in Eggenfelden from 31<sup>st</sup> of July to 7<sup>th</sup> of August 2016 with expected 30 participants. This is a holiday camp with a family character, which is attended by most participants for a full week but you can also join for a couple of days. AOPA Germany offers training for SEP - MEP - VFR - IFR. Due to the proximity of the Alps our mountain course is of course a highlight, offered by instructors having local experience. For all participants interesting flights crossing the Alps to Italy, Slovenia and Croatia as day trips with experienced flight instructors are offered, also the full bandwidth of training flights, from Basic Refresher to Advanced IFR and Upset Recovery Training in an aerobatic aircraft. All training content can of course be adapted to your individual abilities and needs. What would you like? We make it possible! You can come with your own aircraft or rent a plane in Eggenfelden. A unique flying experience with many other aviators and Bavarian cuisine!
